WHY CHOOSE US?

Dialysis and disinfection/ hygiene products for the healthcare/household and factories sector. The product portfolio includes modern dialysis solutions, modern cleaning and disinfection products and water treatment plants. JASSH PHARMA is ISO 13485, 14001, 9001 certified. The products come from modern and efficient production. JASSH PHARMA is a Pakistani company, with a connection to its production location.

EXPERIENCES

In Pakistan there are approximately 30,000 new patients of end stage renal diseases and about 90% of the die within the first year due to poverty, ignorance and dialysis. The cost of the imported dialysis products is far from the reach of the patients. Therefore, it is the requirement of the day to provide low cost & high quality Haemodialysis facilities in Pakistan.

GET IN TOUCH

The products come from modern and efficient production. JASSH PHARMA is a Pakistani company, with a connection to its production & location.
